

Request for Proposals - Windows

St. Andrew Parish will be accepting proposals for window removal / replacement for our upper grades school building located at 3500 School Lane between Mason Ave. and Foss Ave (aka. Fr. John Hughes Building).

The proposal should include the following:

Window Replacement

- Remove and dispose of the current classroom windows (64) on the 2nd floor of the school building
- Install new 2x wood blocking around the perimeter of the window openings
- Install 2x mullions for added strength and support
- Install double pane, single hung replacement windows
- Properly insulate and caulk all of the new windows
- Install new aluminum cladding on the outside of the windows
- Install new interior trim as needed around the windows
- An aerial lift and/or scaffolding will be provided by the contractor for the entire duration of the project
- Complete detailed clean-up
- Include a 10 - Year Workmanship Warranty
- Interior painting/touching up of trim is optional and should be priced separately if included in your proposal
- Interior window treatments will be removed and reinstalled by school personnel.

- Each classroom window is 46" X 65"
 - Pan Width of opening = 188"
 - Pan Height of opening = 67"
- There are 8 windows per classroom – 8 classrooms total on 2nd floor. **Total classroom windows = 64**
- All classroom windows are on the 2nd floor

- Image of one classroom – School Lane side of Bldg.
- 8 windows per classroom

Please submit proposal and references to:
